## **OneSource for Senior Living Changes Name to OneSource for Longevity Readiness**

Based upon a successful year of workshops, further research and feedback from over 300 attendees, OneSource has decided to change its name to OneSource for Longevity Readiness. There is now compelling scientific evidence that indicates living long and living well is most realistic for those who are more socially engaged, practice healthy living behaviors, and are able to build financial security.

Bill Schloth, Onesource's CEO and the original founder said, "Our mission to help people enjoy the benefits of living longer in the 21<sup>st</sup> century has not changed." He continued, "what has changed is that longevity planning needs to be a consideration from early on in your life and the earlier we can bring awareness, education and innovation to people, the better and longer their lives will be."

OneSource for Longevity Readiness, is a registered 501(c) non-profit organization ([www.seniorlife123.org](http://www.seniorlife123.org)). The organization is dedicated to helping people enjoy the benefits of living longer through better education and more innovation
